Bon Appetit!

Dining is one of the highlights of the Luxury Included® Vacation. And our chefs live up to the challenge, transforming closely guarded recipes into unforgettable evenings. Fire leaps into the air as they sauté grouper caught that morning off the coast. Figs and honey mingle as they braise lamb from neighboring farms. And dark cocoa is whisked into delectable dreams. We use only the freshest local ingredients and the finest imported foods. At Sandals, quality and creativity are the foundation for the Caribbean's best dining.
